

Building Organizational Capacity for Stronger Communities

CAPABILITY STATEMENT

Who We Are

ReadyWorks is an implementation-focused consulting practice that helps public and mission-driven organizations turn priorities, funding, and plans into effective programs, stronger systems, and measurable community outcomes. We support clients that need experienced capacity to assess challenges, strengthen systems, coordinate stakeholders, monitor performance, and move initiatives from planning into execution.

Core Capabilities

Organizational Capacity & Implementation

Assessments | Strategic implementation | SOPs & workflows | Process improvement | Governance | Program/project management | Performance systems | Fractional support

Program Performance, Grants & Evaluation

Grant implementation | M&E | Program health checks | Compliance systems | KPI development | Documentation review | Performance reporting | Corrective action | Funding research

Economic & Community Development

Economic development strategy | Small-business engagement | Workforce development | Community assessment | Housing & community development | Stakeholder engagement | Resource mapping | Partnerships

Preparedness, Continuity, Resilience & Recovery

Preparedness assessments | Continuity of Operations readiness | Organizational readiness | Capability-gap analysis | Response-support coordination | Recovery coordination | Recovery implementation | Community resilience | Coalition development | Public information | Stakeholder coordination | Training & exercise readiness | Corrective-action planning

The ReadyWorks Difference

Assess. Build. Implement. Measure.

ReadyWorks goes beyond recommendations by combining assessment, strategy, implementation, stakeholder coordination, and performance management to strengthen immediate execution and long-term organizational capacity.
